

Pole to Fender Mounting System

IT Brackets - ITADJ Brackets

- Lightweight high grade poly construction
- Unique design, superb appearance
- No unsightly nuts and bolts
- I-T Brackets hold the fender stay (pole) off the fender surface, hence no water traps – no rust problems
- Quick and easy to fit
- Fender removal for routine maintenance is faster
- User friendly, no tools needed under the fender to fit the bracket
- Unique ‘gripping’ system secures the I-T Bracket to the fender stay
- Resistant to most chemicals
- Fully patented

IT Brackets
